EWL: Extended Wear Life type, with additional wear material

GD: General Duty type to most dozing applications

UT: Utility type (have a flat plate design)

Our production consists of HC and STD types for all items indicated

STD: Standard type for finish and semi-finish dozing

HC: Hot Cupped type for abrasion duty applications

FG: Forged type for impact duty applications

EWL: Extended Wear Life type, with additional wear material

GD: General Duty type to most dozing applications

UT: Utility type (have a flat plate design)

Our production consists of HC and STD types for all items indicated

STD: Standard type for finish and semi-finish dozing

HC: Hot Cupped type for abrasion duty applications

FG: Forged type for impact duty applications

EWL: Extended Wear Life type, with additional wear material

GD: General Duty type to most dozing applications

UT: Utility type (have a flat plate design)

Our production consists of HC and STD types for all items indicated

STD: Standard type for finish and semi-finish dozing

HC: Hot Cupped type for abrasion duty applications

FG: Forged type for impact duty applications

Tutti i numeri, simboli, e denominazioni originali sono usati soltanto per riferimento, e non si deve in alcun modo intendere che i pezzi elencati siano originali.
All manufacturers' name, numbers, symbols and descriptions are used for reference purpose only, and it is not implied that any part listed is the product of these manufacturers.

- Angolari per dozer
- End bits for bulldozers
- Dozer-Ecken
- Coins pour dozer
- Угловые ножи для бульдозеров
